

Federal Communications Commission

RE: PS Docket No. 06-229; WT Docket No. 96-86

**DEADLINE FOR FILING 700 MHZ RELOCATION CERTIFICATION
INFORMATION**

SIR: The State of Ohio operates a statewide 800 MHz. trunked radio system, known as the Ohio Multi-Agency Radio Communications System (MARCS), serving many state agencies and over 600 county and local public safety departments.

Numerous agencies use a select group of 700 MHz. frequencies for mobile vehicular repeaters only, under our State License WPTZ770.

Following the format set out in Public Notice DA 07-4168, dated October 5, 2007, the following equipment quantities were in service as of August 30, 2007.

- 1.) the total number of narrowband mobile *[repeaters]* and portable handsets in operation: Mobile Repeaters 2,378; Portables 3260.
- 2.) the areas of operation: Ohio statewide
- 3.) the total number of narrowband base stations: 0 (none)
- 4.) the location, in latitude and longitude, of the identified base stations: not applicable
- 5.) contact information for each identified set of handsets and base stations, as appropriate: Paul M. Mayer, Telecommunication Systems Analyst, Ohio Office of Information Technology, 2323 West 5th Avenue, Suite 150, Columbus, Ohio 43204 Paul.Mayer@ohio.gov 614-995-0063 614.995.0067(Fax)

The above information is true, complete, correct, and made in good faith.

/S/ Darryl L. Anderson
